

Documentation of Check Pincode / Zipcode for Shipping and COD

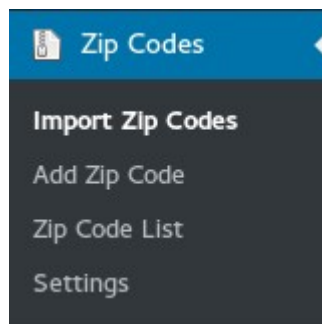

Installation of Check Pincode / Zipcode for Shipping and COD

Installation

1. Install Word Press from http://codex.wordpress.org/Installing_WordPress.
2. **Upload via FTP:** - Unzip the zip archive you have downloaded on your computer. Upload the folder to your server via FTP into the directory plugins on your Word press installation (wp-content → plugins).
3. **Upload via Word press Admin:** - Go to your WordPress admin panel, and then to Plugins. Click on "Add New" and then upload the zip file of the plugin using the "Upload Plugin" button you can find on top of the screen.
4. For the plugin to work as it should, WooCommerce plugin has to be installed and enabled.

Activation

Once you have uploaded the plugin, activate your plugin in Plugins > Installed plugins. If it has been activated correctly, plugin control panel is available in the tab **Zip Codes** in Word Press dashboard.

Description

Advance checking of pin codes is a great feature. Online shoppers usually like knowing the timeline of their orders before they place an order. With this plugin you can tell them about the delivery dates of your products before they move towards the buying stage. This will reduce your cart abandonment rates and increase your customer satisfaction rates.

General Settings

- **Enable Pincode Check** : You have option to enable and disable the check pincode just by click on this option.
